Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 10-14-2005 has been entered.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-3,5-9,14-16 and 19-21 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, the phrase "locking the foot and the frame member in a selected relative position along an axis" is indefinite in that it is unclear how the foot and frame together can be locked in a position along an axis. Claim 20 has very similar language.

In claim 2, there is a double recitation of the foot being movable in he vertical direction.

In claim 5, it is unclear how the coupling permits and prevents rotation of the foot.

In claim 14, there is no antecedent basis for "said driver".

Allowable Subject Matter

Claims 4,10-13,22,23 and 26 are allowed.

Art Unit: 3731

Claims 1-3,5-9,14-16 and 19-21 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
